C M Herndon

From C.M. Herndon's Safe Series comes the third installment of hot Ace men and the women they love! He's the one she never forgot... Ro never forgot Tori and the love she left branded on his heart. He always hated that they went separate ways in life. Now she's returning to their little hometown and he can't help but convince her to pick up where they left off. Tori doesn't return alone, however, she's followed by her obsessive ex-boyfriend who is determined to keep and control her. Ro will do whatever needs to be done to protect her, but a dangerous storm is fast approaching and in its wake nothing will ever be the same. She's the future he always wanted... Tori never regretted her decision to move away to better her photography career, despite how much it hurt her to leave Ro behind. Now she's coming home for good. She certainly didn't expect to rekindle her relationship with him at her best friend's wedding. Unfortunately, fixing things with him aren't that simple as her ex starts stalking her and terrorizing her with his twisted gifts. He even begins attacking Ro, but a Navy SEAL doesn't scare easily and he's determined to protect her and start their life together. Can their relationship repair what's been broken or will they perish in the coming storm? Note From The Author: This is the third novel of the Safe Series.
