

Obstetrics and Gynecology

Naureen Alam

Dont panic! Crash Course is here - that perfect set of lecture notes which no student ever really has the time to compile. These books deliver all of the information needed to get through a course or prepare for exams. Clear text covers the essential concepts of each discipline or speciality learning features expedite mastery of the material and review questions let readers assess their knowledge. With basic science books written by current medical students under faculty supervision, and clinical titles that pair senior specialists with doctors who have only recently begun training in the relevant field, Crash Course titles are designed to ideally meet the needs of todays medical students. Plus each of these titles includes complimentary access to website where youll find the full text of the book online. Integration Links to bonus content in other Student Consult titles.
