

Occupant Restraint Use in 2009- Results from the National Occupant Protection Use Survey Controlled Intersection Study

Timothy M Pickrell, Tony Jianqiang Ye, National Highway Traffic Safety Administration

This survey is conducted annually by the National Center for Statistics and analysis of the National Highway Traffic Safety Administration. It presents results from the 2009 National Occupant Protection use Survey (NOPUS) Controlled Intersection Study. NOPUS is the only nationwide probability-based occupant restraint use survey.
