

Occupational Safety and Health Act of 1970

U S Department of Labor, Occupational Safety and Administration

The Occupational Safety and Health Act of 1970 was established to assure safe and healthful working conditions for working men and women by authorizing enforcement of the standards developed under the Act by assisting and encouraging the States in their efforts to assure safe and healthful working conditions by providing for research, information, education and training in the field of occupational safety and health, and for other purposes.
