

Odyssey of an African Opera Singer : From Zwide Township to the World Stage

Musa Ngqungwana

How did a baby, born in 1984 in South Africa-the worlds most complicated system of segregation and apartheid, find his way to the great opera stages of Europe and the United States? How did a child, raised in poverty by his grandmother in Zwide Township, attain academic degrees in both South Africa and the United States? What does it take for one boy-or any child-to overcome the debilitating effects of discrimination and impoverishment? Readers, joining Musa Ngqungwana on his odyssey from poverty to prominence, will find their knowledge of modern South Africa increased and their understanding of opera enhanced. Their hope will be rekindled that children, all children, no matter what their circumstance of birth, can be given the opportunity to claim their gifts, develop them, and use them to enrich the lives of others. This second edition has added stories, removed most of the non-English words, and added and corrected data.
