

The Ocean Cavern : A Tale of the Tonga Isles (Classic Reprint)

Charles Phillips

Excerpt from The Ocean Cavern: A Tale of the Tonga Isles Romantic tradition has been in every country the precursor, and frequently the parent, of Poetry. Even the most uncivilized nations have their tales of other times, transmitted down from one generation to another, accumulating fanciful embellishment at every descent. Among the inhabitants of the Islands of the South Pacific, many traditional tales are preserved, which, from the primitive views of human society they present, and the wild yet simple occurrences they relate, afford a pleasing field to the Philosopher and the Poet.
